Subject: Open Records/Proposal Question

Maryellen and Lindsay,
Good seeing you both today and I appreciate all that you guys do for the BOE!

If you don't care, just keep me up to date on these open records requests. I noticed that Russell County was on there and if there is anything on my end I need to do, just let me know. I'm sure other board member's counties were on there and they would probably feel the same. But anything I need to do with regards to Russell County, I'm more than happy to help.

Also, the Secretary briefly mentioned the Cyberscout group today. I know we had previously voted on approving to allow the Secretary and staff to further engage in discussion with this group regarding their scope of services. Have we received any proposal fee or scope of services to look at as a board before we vote to enter into any type of official agreement? I meant to ask about this when I was talking about the E-Poll Book rfp and completely forgot. Just let me know and I'm sure other members would be interested as well before voting on any type of contract approval.

Once again, thank you both for all that you do. And any way I can be of help, please don't hesitate. Have a great evening!

The very best!

Josh Branscum
